Cardfive Professional (SE Genesis)
Deskfive
Genesis color printer
1 x Monochrome Resin Ribbon
1 x Color Sublimation Ribbon
500 White PVC cards

ALL IN ONE

CardFive Printing Kit is the only kit that offers software with ODBC connection, printer, ribbons and plastic cards certified by the same brand name guaranteeing a correct integration and interoperability, all-in-one Nfive package. Thanks to its ease of use and flexible features, the user-friendly "CPK" allows you to print high-quality cards for hundreds of applications.

SPEED AND RELIABILITY

Unlike other softwares that use the Windows drivers, the unique Cardfive DCL (Direct Command Language) allows a more accurate printing and error control. Genesis easy-loading, all-in-one ribbon cartridge with integrated cleaning roller saves time and eliminates the mess and expense of torn, wasted ribbons.

COST EFFECTIVE

Time is money. Cardfive Printing Kit is a cost-effective solution. You save time and money when you get everything you need in one solution well prepared and simple to use that will allow you start your work in few minutes.

HIGH RESOLUTION RESULTS

Genesis let you print your cards with high resolution results using a Dye Sublimation/resin thermal transfer technology which prints directly onto the surface of plastic ID cards. This technology will produce sharp and clear images closer to photographic results with more than 16.7 million colors.

THE GENESIS OF NEW SOLUTION

Nfive, founded in 1996, has the best background on identification technology. Always trying to give you the best solution for your needs, has worked hard on new improvements, new software, new structures side by side with technology growth. Proof of that is our past. Look at your daily tasks and you will find nfive software on all ID world.

THE RIGHT CHOICE

Make the right choice! Choose the CPK to print great-looking ID plastic cards; it means the most reliable, performant and simplest integrated solution that Nfive offers the market.

INCLUDES DESKFIVE

CPK also includes Deskfive, a visitor management system for all your reception needs. With deskfive you can preview events, record data and control visitors inside your company.

cardfive printing kit genesis

complete solution for color card printing
